Professional Summary

Full Stack Developer with 7.0+ years of experience building and maintaining web applications using React.js and Node.js. Experienced in designing REST APIs, implementing CI/CD pipelines, and deploying services on AWS. I work in Agile teams, mentor junior developers, and focus on reliable and maintainable systems while expanding backend skills in Python.

Technical Skills

- **Frontend**: React.js, Vue.js, Nuxt.js, Redux, PWA, Micro-frontend, HTML, CSS, JavaScript, Bootstrap
- **Backend**: Node.js, Express.js, Fastify, PHP, Laravel, Python (intermediate)
- **Databases**: MySQL, PostgreSQL, SQL queries, Stored Procedures
- **Cloud & DevOps**: AWS (EC2, S3, DNS), CI/CD, Git/Bitbucket
- **Other Tools**: Accessibility, Webpack, jQuery, REST APIs, Payment Gateway Integration, Unit testing, E2E testing, Logging, and debugging

Professional Experience

- **LearningMate**, Mumbai

  Sr. Software Engineer | Jun 2024 – Present
  - Led frontend and backend development for a modular learning platform. Implemented reusable components, REST APIs, and automated CI/CD deployments to AWS using React.js and Node.js; own architecture decisions and code reviews.
  - REST APIs; collaborate with QA and product teams in Agile sprints to deliver secure features.
  - Mentor junior developers and drive improvements in code quality and test coverage.

- **LearningMate**, Mumbai (On payroll of Mobile Programming, Gurgaon)

  Full Stack Developer | Dec 2022 – Jun 2024
  - Built and optimized React + Node.js applications, improving maintainability and frontend responsiveness.
  - Integrated third-party services and designed backend endpoints in Node.js/Express.
  - Contributed to automation and deployment workflows on AWS; supported monitoring and incident response.

- **Trivialworks Solutions**, Lucknow

  Full Stack Developer | Mar 2022 – Sep 2022
  - Developed a CRM platform with multi-vendor roles and access controls using React and Node.js.
  - Implemented CI/CD pipelines and automated deployments to AWS.
  - Supervised and mentored junior developers; guided technical decisions around performance and scaling.

- **Synch Soft Technologies**, Lucknow
  Software Developer | Jan 2021 – Mar 2022
    - Designed and implemented customer-facing websites and custom themes using Vue.js, Nuxt.js, and Python.
    - Integrated payment gateways and REST APIs; handled deployments and runtime debugging.
    - Implemented performance and security improvements and monitoring.

- **Barrownz Group**, Lucknow
  Software Developer | Feb 2019 – Nov 2020
    - Built and customized React and Node.js web applications and maintained codebase.
    - Improved website reliability and security, reducing downtime by 30%.
    - Delivered bug fixes and enhancements while collaborating with stakeholders.

Education
- **Bachelor of Technology** (B.Tech) – Computer Science & Engineering
   - *Seth Vishambhar Nath Institute of Engineering & Technology | 2019 – 2022 | 78.01%*
- **Diploma in Computer Science & Engineering**
  - *Government Polytechnic, Shahjahanpur | 2015 – 2018 | 80%*

Certifications
- Apprenticeship in Web Development – Techpile Technology Pvt. Ltd.
- CCC Certification – NIELIT
